THE PQ (PASSION QUOTIENT)

PQ is short for Passion Quotient—a scientific approach we use to discover what inspires you! Passion refers to your enthusiasm and inner motivation, and the Quotient is your unique score that helps you understand who you are! Being good at something doesn't automatically mean you're internally motivated by it! Your Passion Profile gives you a clear picture of what makes you who you are and how outside influences and emotions can influence your decisions. Our business elective pathways, based on the PQLife Assessment, helps students discover how they are fearfully and wonderfully made!

Your child's unique passions, interests, and motivations will be matched to the four attributes of leadership: **Administrator**, **Entrepreneur**, **Integrator**, or **Producer**. Once your child understands their passions and why they matter, they can use that newfound awareness and confidence in who they are made to be and make decisions that benefit themselves and others!

ADMINISTRATOR

This group is all about stability, effectiveness, and making sure things run smoothly—these passions give people the discipline to keep rules, systems, and structures in place!

WHY SOS

- 1. Parental Authority: At Southlands Online Schools, you, the parent(s), are the ultimate authority in your child's education.**
- 2. Partner in Education: We are your partner in education, and here to serve your family.**
 - a. Like any good partner, we will keep you informed for the benefit of your family -- the good, the bad, and the unpleasant.
 - b. We will support the values you teach your children without interference with opposing ideologies.
- 3. Flexibility:**
 - a. With our pre-recorded lessons and no specific required online time, parents like you love the flexibility of Southlands Online Schools.
 - b. We provide excellent academic support via chat and video conferencing to ensure that your child can work at their own pace and get the help they need if they need it.
- 4. Excellent Communication: We make communication with you our top priority.**
 - a. You will hear from us every 2 weeks regarding how your child is doing so there are no surprises.
 - b. You have 24-hour access to your child's progress and our team is available 12 hours per day, 5 days per week.
- 5. Values Driven: We are a conservative Christian school serving families from all walks of life (Christian and non-Christian).**
 - a. We uphold treating everyone with kindness. Agendas of the LBGTQIA+ community and gender theory are not a part of our curriculum and are not taught by our staff.
 - b. We believe in the accurate teaching of history and its effects on all people groups, to bridge gaps and bring people together for the common good.

WHY SOS

- c. We operate by Biblical principles, however, religion is not integrated into our curriculum.
- d. We offer an optional Bible class. We also hold online weekly Zoom chapels, open to all families, but also optional.

6. Experienced: We have over 44 years of experience partnering with parents like you to educate their children.

- a. Since 1979, our in-person campus and our online schools, have established a legacy of sending students to the top colleges and universities of their choice throughout the United States of America.
- b. We were ranked one of Niche.com's "Best Schools" with an A+ rating.

7. Accredited:

- a. We are accredited with Cognia, one of the largest accreditation bodies in the world, both nationally and internationally. This means your state will recognize your child's homeschooling curriculum as equivalent to the most elite private schools nationwide.

8. Individualized Electives:

- a. In 6th grade, your child will begin to take a Passion Quotient (PQ) assessment each year. This will help us all understand your child better (including themselves!) so that we can better serve them.
- b. Once they start 9th grade, they will be assigned electives customized to their PQ assessment. This ensures that they are taking classes that will align with their interests and who they are as a person, not just a student. It's time to increase their real-world experiences outside of the classroom!

9. Growing: We are at the forefront of a movement!

- a. Southlands Online Schools is growing by ~41% every year by providing a quality education for children, excluding controversial topics inappropriate for children, and supporting your family's values!
